Designing new technologies, discovering the future, establishing life-long friendships

The ENLACE summer research program at UC San Diego aims to encourage the participation of students and researchers in the sciences and engineering, while promoting cross-border friendships.

The program is an opportunity to explore a variety of interests through work on varied projects, while challenging the person to always consider science in the context of societal needs.

ENGINEERING SCIENCES  BIOLOGICAL SCIENCES  PHYSICAL SCIENCES  HEALTH SCIENCES

Cost of program: $5,000 . . . Generous scholarships available to students with financial need. Requests for scholarships are made when applying to program.

Ever since first grade, the other girls wanted to be a ballerina or a power ranger, and I wanted to be an anthropologist and people would say ‘what’s wrong with you?’ And that kept evolving, and now I want to be an engineer. I love it.” - 2013 participant

**PROGRAM DETAILS**

**Dates:** June 21 - August 7, 2020

**Application Deadline:** February 7, 2020
