

ENLACE 2024

Summer Research Experience

UC San Diego

Designing new technologies, discovering the future, establishing life-long friendships

The ENLACE summer research program at UC San Diego aims to encourage the participation of students in the sciences and engineering, while promoting cross-border friendships.

The program is an opportunity to explore a variety of interests through work on varied projects, while challenging the person to always consider science in the context of societal needs.

SCIENCES

Cost of program: \$6,000 . . . Generous scholarships available to students with financial need. Requests for scholarships are made when applying to program.

Ever since first grade, the other girls wanted to be a ballerina or a power ranger, and I wanted to be an anthropologist and people would say 'what's wrong with you?' And that kept evolving, and now I want to be an engineer. I love it."

-2013 participant

Virtual Informational Sessions:

**Wednesday,
October 18, 2023**

4:00-5:00 PM (Pacific time)

**Monday,
October 30, 2023**

5:00-6:00 PM (Pacific time)

**Tuesday,
November 14, 2023**

4:00-5:00 PM (Pacific time)

**Thursday,
November 30, 2023**

4:00-5:00 PM (Pacific time)

**Thursday,
January 11, 2024**

4:00-5:00 PM (Pacific time)
